I am convinced that much of the State's rivers, wetlands, and ground water will be damaged if this pipeline is constructed. I fear for pipeline explosions, which are occurring nationally at an ever-increasing rate. I cringe to see my plot of land usurped and ruined by this endeavor. Around 200 individual plots are going to be taken just in my county alone, some of which have pristine streams to be crossed and stable wetlands that will be disrupted. Even the air in our state would be contaminated by methane gas guaranteed to leak from any and all such pipelines.

ACP has repeatedly sidestepped your Department of Environmental Quality questions about their claims. I am writing to request that the DEQ hold public hearings in Robeson, Cumberland and Johnston Counties regarding the ACP's economic development claims and other submissions. These hearings will enable you, the DEQ, and the Attorney General's office to hear public input about these important questions and to review it as a part of the 401 Water Quality Permit application.

Sincerely,

Francine J. Stephenson

Affected Landowner in Johnston County

Retired NC State Government Employee, 37 Years Service

President, No Pipeline Johnston County
